

New to Routledge for 2009

# Critical Policy Studies

**Critical Policy Studies** brings contemporary theoretical and methodological discussions, both normative and empirical, to bear on the understanding and analysis of public policy, at local, national and global levels. The journal offers a unique forum for researchers, policy-makers and practitioners to challenge established accounts of policy-analytic methods, to explore alternative approaches to policy-making, and to promote democratic governance. To this end, the journal concentrates on the relation of political and policy theory to specific practices of governance, in particular as they pertain to democratic governance, participatory practices, social justice and general public welfare. This necessitates an emphasis on the interplay between qualitative and quantitative modes of inquiry. The journal thus moves beyond narrow empirical approaches to pay special attention to interpretive, argumentative, discursive approaches to policy-making.

Although **Critical Policy Studies** is a rigorous academic journal, it also devotes attention to the practical aspects of policy-making and analysis that confront real-world practitioners. In addition, the journal includes essays on current debates and opinions in the field, review articles that reflect on published research, and book reviews.

## Submissions

For details on how to submit a paper to **Critical Policy Studies** go to:  
[www.tandf.co.uk/journals/rcps](http://www.tandf.co.uk/journals/rcps)
